(Currency in INR Crore)

Note 1

I. Company overview

Godrej Properties Limited ("the Company") having CIN: L74120MH1985PLC035308 is engaged primarily in the business of real estate construction, development and other related activities. The Company is a public limited company incorporated and domiciled in India having its registered office at Godrej One, 5th Floor, Pirojshahnagar, Eastern Express Highway, Vikhroli, Mumbai - 400079. The Company's equity shares are listed on The Bombay Stock Exchange Limited (BSE) and The National Stock Exchange of India Limited (NSE).

II. Basis of preparation and measurement

a) Statement of Compliance

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under the Section 133 of the Companies Act, 2013 ("the Act") and the relevant provisions and amendments, as applicable. The Standalone Financial Statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently.

The Standalone Financial Statements of the Company for the year ended March 31, 2025 were authorized for issue by the Board of Directors on May 02, 2025.

b) Functional and presentation currency

These Standalone Financial Statements are presented in Indian rupees (INR), which is also the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest crore, unless otherwise stated.

c) Basis of measurement

These financial statements have been prepared on historical cost basis except certain financial instruments, defined benefit plans and share based payments measured at fair value.

d) Use of estimates and judgements

The preparation of the Standalone Financial Statements in conformity with IND AS requires the use of estimates, judgements and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Management believes that the estimates made in the preparation of the standalone financial statements are prudent and reasonable. Actual results could differ from those estimates.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (*Continued*)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (*Continued*)

II. Basis of preparation and measurement (*Continued*)

d) Use of estimates and judgements (*Continued*)

Any revision to accounting estimates is recognized prospectively in current, future periods and all periods presented in Standalone Financial Statements.

Information about judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effects on the amounts recognized in the financial statements included in the following notes:

Judgements

- *Evaluation of satisfaction of performance obligation for the purpose of revenue recognition*

Determination of revenue under the satisfaction of performance obligation necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the timing of satisfaction of performance obligation, costs to completion for the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognized in the standalone financial statements for the period in which such changes are determined.

- *Recognition of deferred tax assets*

The deferred tax assets in respect of brought forward business losses is recognized based on reasonable certainty of the projected profitability, determined on the basis of approved business plans, to the extent that sufficient taxable income will be available to absorb the brought forward business losses.

Estimates

- *Evaluation of Net realizable Value of Inventories*

Inventories comprising of finished goods and construction-work-in progress are valued at lower of cost and net realizable value. Net Realizable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognized in the Statements financial statements for the period in which such changes are determined.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

II. Basis of preparation and measurement (Continued)

d) Use of estimates and judgements (Continued)

- *Useful life and residual value of property, plant and equipment, intangible assets & Investment Property*

Useful lives of tangible, intangible assets and Investment property are based on the life prescribed in Schedule II of the act. In cases, where the useful lives are different from that prescribed in Schedule II of the Act, they are based on internal technical evaluation. Assumptions are also made, when the Group assesses, whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

- *Recognition and measurement of defined benefit obligations*

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

- *Recognition and measurement of long-term incentive*

Accrual for long-term incentive scheme liability requires estimates and judgements in respect of achievement of parameters of individual and business performance, as well as market related parameters. These estimates are based on past performance, approved budgets and plans and forecast of market indicators based on best estimate as at the reporting date.

- *Share based payments*

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which depends on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Company uses Black-Scholes model.

The assumptions used for estimating fair value for share-based payment transactions are disclosed in Note 42 to the Standalone Financial Statements.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

II. Basis of preparation and measurement (Continued)

d) Use of estimates and judgements (Continued)

- *Fair value measurement of financial instruments*

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Any changes in the aforesaid assumptions will affect the fair value of financial instruments.

- *Expected Credit losses (ECL) and Impairment losses on investment*

Measurement of ECL allowance for trade receivable and Impairment test for Investments: Key assumptions underlying recoverable amounts, weighted-average loss rate and Project cashflows.

- *Provisions and contingencies*

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

e) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

f) Material accounting policy information

The Company adopted Disclosure of Accounting Policies (Amendments to Ind AS 1) from 1 April 2023. Although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

accounting policy information that users need to understand other information in the financial statements.

Note 1 (Continued)

II. Basis of preparation and measurement (Continued)

g) Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (Unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

h) Operating Cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realization of project into cash and cash equivalents and range from 3 to 7 years. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (*Continued*)

for the year ended March 31, 2025

(Currency in INR Crore)

III. Material Accounting Policies

a. Property, plant and equipment and depreciation and amortization

i) *Recognition and Measurement:*

Items of property, plant and equipment, other than Freehold Land, are recognized and measured at cost less accumulated depreciation and impairment losses, if any. Freehold Land is carried at cost and is not depreciated. The cost of an item of property, plant and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and
- Any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognized from the Standalone Financial Statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or loss arising from disposal of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment recognized in the Standalone Statement of Profit and Loss in the year of occurrence.

Assets under construction includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use.

ii) *Subsequent expenditure*

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the expenditure can be measured reliably.

iii) *Depreciation and amortization*

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment, other than Freehold Land, of the Company has been provided using the written down value method based on the useful lives specified in Schedule II to the Companies Act, 2013.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

b. Property, plant and equipment and depreciation and amortization (Continued)

iii) Depreciation and amortization (Continued):

The useful lives of certain motor vehicles are estimated in the range of 3-8 years. The useful lives of certain furniture and fixtures (artworks) are estimated for 10 years and residual value at 50% of actual cost. These lives are different from those indicated in Schedule II and are based on internal technical evaluation.

Useful lives of site equipment's being not specified in Schedule II are based on internal technical evaluation i.e. 5-8 years representing the best estimate of the period over which such equipment is expected to be used. Site equipment's consists of shuttering materials used in the construction of the projects.

Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

Assets acquired on lease and leasehold improvements are amortized over the period of the lease on straight line basis.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

c. Investment property and depreciation

i) Recognition and measurement:

Investment properties comprises of land and building are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes.

ii) Subsequent Expenditure:

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (*Continued*)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

c. Investment property and depreciation (*Continued*)

iii) Depreciation:

Depreciation on Investment Property is provided using the written down value method based on the useful lives specified in Schedule II to the Companies Act, 2013.

iv) Reclassification from/to investment property:

Transfers to (or from) investment property are made only when there is a change in use. Transfers between investment property, owner-occupied property and inventories do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

d. Intangible assets and amortization

i) Recognition and measurement:

Items of Intangible Assets are recognized and measured at cost less accumulated amortization and impairment losses, if any. The cost of intangible assets comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and
- Any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

ii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the expenditure can be measured reliably.

iii) Amortization

Intangible assets are amortized over their estimated useful life using straight line method.

Trademark is amortized over a period of 20 years.

Intangible assets (other than trademark) are amortized over a period of six years.

Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

e. Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment loss is recognized for such excess amount. The impairment loss is recognized as an expense in the Standalone Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and the value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognized for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognized in the Standalone Statement of Profit and Loss, to the extent the amount was previously charged to the Standalone Statement of Profit and Loss. In case of revalued assets, such reversal is not recognized.

f. Investment in subsidiaries, joint ventures and associate

Investments in equity shares of subsidiaries, joint ventures and associate are recorded at cost and reviewed for impairment at each reporting date. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, joint ventures and associate, the difference between net disposal proceeds and the carrying amounts are recognized in the Standalone Statement of Profit and Loss.

g. Financial instruments

I. Financial assets

Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

g. Financial instruments (Continued)

I. Financial assets (Continued)

Initial recognition and measurement

Trade receivables and debt securities issued are initially recognized when they originate and recorded at transaction price.

The company recognizes financial assets (other than trade receivables and debt securities) when it becomes a party to the contractual provisions of the instrument. All financial assets (excluding trade receivables that are recorded at transaction price) are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified in three categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through profit or loss
- Equity investments

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in Interest income in the

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

g. Financial instruments (Continued)

I. Financial assets (Continued)

Debt instruments at amortized cost (Continued)

Standalone Statement of Profit and Loss. The losses arising from impairment are recognized in the Standalone Statement of Profit and Loss.

Convertible Debt instruments

Debt instruments that are convertible into a fixed number of equity instruments of the issuer do not meet the "solely payment of principal and interest" criterion because the return on the debt instrument is inconsistent with a basic lending arrangement and reflects the value of the issuer's equity. The Group classifies such debt instruments at fair value through profit or loss.

Debt instruments included in the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognized in the Standalone Statement of Profit and Loss. Net gains and losses, including any interest income, if any, are recognized in profit or loss.

Equity investments

All equity investments other than investment in subsidiaries, joint ventures and associate are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in other comprehensive income (OCI). There is no recycling of the amounts from OCI to the Standalone Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Standalone Statement of Profit and Loss.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

g. Financial instruments (Continued)

I. Financial assets (Continued)

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognized when:

- (a) The rights to receive cash flows from the asset have expired, or the Company has transferred substantially all the risks and rewards of the asset, or
- (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

The Company applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

II. Financial Liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortized cost.

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

g. Financial instruments (Continued)

II. Financial Liabilities (Continued)

Loans and borrowings (Continued)

losses are recognized in the Standalone Statement of Profit and Loss when the liabilities are derecognized.

Amortized cost is calculated by taking into account any discount or premium on acquisition and transactions costs. The EIR amortization is included as finance costs in the Standalone Statement of Profit and Loss.

This category generally applies to loans and borrowings.

Derecognition

Financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Standalone Statement of Profit and Loss.

III Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle them on a net basis or to realize the assets and settle the liabilities simultaneously.

IV Share Capital

Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares are recognized as a deduction from equity.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

h. Inventories

Inventories are valued as under:

Inventories are measured at lower of cost or net realizable value. The cost of inventory is based on specific identification method for real estate segment. It includes cost of purchase, conversion costs and other costs incurred in bringing them to their present location or condition.

Construction Work-in-Progress/Finished Goods includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Company.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

i. Revenue Recognition

The Company derives revenues primarily from sale of properties comprising of commercial/residential units and sale of plotted and other lands and Sale of development management services.

The Company recognises revenue when it determines the satisfaction of performance obligations at a point in time and subsequently over time when the Company has enforceable right for payment for performance completed to date. Revenue is recognised upon transfer of control of promised products to customer in an amount that reflects the transaction price i.e. consideration which the Company expects to receive in exchange for those products.

In arrangements for sale of units the Company has applied the guidance in IND AS 115, on "Revenue from contracts with customers", by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering sale of units as distinct performance obligations. For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer.

Contract assets are recognised when there is excess revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

i. Revenue Recognition (Continued)

Contract Liabilities are recognised when there is billing in excess revenue earned over billings on contracts.

The Company enters into Development and Project Management agreements with landowners. Accounting for income from such projects, measured at transaction price, is done on accrual basis as per the terms of the agreement.

The Company receives maintenance amount from the customers and utilizes the same towards the maintenance of the respective projects. Revenue is recognized to the extent of maintenance expenses incurred by the Company towards maintenance of respective projects. The balance amount of maintenance expenses to be incurred is reflected as liability under the head other current non-financial liabilities.

j. Interest income

Interest income is accounted on an accrual basis at effective interest rate. Interest on delayed payment and forfeiture income are accounted based upon underlying agreements with customers.

k. Share of profits/losses in LLP

Share of profits/losses in LLP is recognized when the right to receive/liability to pay the same is established.

l. Leases

At the inception of a contract, the Company assesses whether a contract is or contains, a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- The contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capability of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used.

(Currency in INR Crore)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

I. Leases (*Continued*)

As a Lessee

Right-of-use Asset

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Lease Liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

Short-term lease and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Company's operations. The election for leases for which the underlying asset is of low value can be made on a lease-by-lease basis.

m. Income tax

Income tax expense comprises current tax and deferred tax. It is recognized in the Standalone Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (*Continued*)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

m. Income tax (*Continued*)

Current tax (Continued)

- a) has a legally enforceable right to set off the recognized amounts; and
- b) intends either to realize the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves. Deferred tax liabilities are recognized for taxable temporary differences.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

n. Employee benefits

Short term employee benefits

Short-term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (*Continued*)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

n. Employee benefits (*Continued*)

Short term employee benefits (Continued)

if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

Obligations for contributions to defined contribution plans such as Provident Fund and Employee State Insurance Corporations are expensed as the related service is provided.

Defined benefit plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same.

The calculation of defined benefit obligations is performed annually by an independent qualified actuary using the projected unit credit method.

Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in other comprehensive income (OCI). Re-measurement, if any, are not reclassified to the Standalone Statement of Profit and Loss in subsequent period. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, based on the market yield on government securities as at the reporting date, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in the Standalone Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in the Standalone Statement of Profit and Loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. They are therefore measured at the present value of expected future payments to be made in respect of services provided by the employees up to the end of the reporting period using the projected unit credit method. The discount rates used are based on the market yields on government securities as at the reporting date. Re-measurements are recognized in the Standalone Statement of Profit and Loss in the period in which they arise.

Other long-term benefits include payable in respect of long-term incentive scheme recorded based on arithmetical model estimating the possible cash outflows based on

n. Employee benefits (Continued)

Other long-term employee benefits (Continued)

assessment of parameters of the scheme and pro-rated to the completed service period and discounted at present value.

o. Share-based payment transactions

Employees Stock Options Plans ("ESOPs") and Employee Stock Grant Scheme ("ESGS"): The grant date fair value of options granted to employees is recognized as an employee benefits expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the options. The expense is recorded for each separately vesting portion of the award as if the award was, in substance, multiple awards. The increase in equity recognized in connection with share based payment transaction is presented as a separate component in equity under "Employee stock grant scheme reserve". The amount recognized as an expense is adjusted to reflect the actual number of stock options that vest.

p. Borrowing costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the projects till the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

q. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Standalone Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

for the year ended March 31, 2025

(Currency in INR Crore)

Note 1 (Continued)

III. Material Accounting Policies (Continued)

r. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares. If potential equity shares converted into equity shares increases the earnings per share, then they are treated as anti-dilutive and anti-dilutive earning per share is computed.

s. Provisions and contingent liabilities

A provision is recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are discounted to their present value at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. The unwinding of the discount is recognized as finance cost.

Contingent liabilities are disclosed in the notes. Contingent liabilities are disclosed for

- (1) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- (2) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the Standalone Financial Statements. However, the same are disclosed in the Standalone Financial Statements where an inflow of economic benefit is probable.

t. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the Standalone Financial Statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

(a) During the year, the Company sold a 5% equity stake in Godrej Green Homes Private Limited (GGHPL), one of its joint venture entities, resulting in a gain of INR 46.56 crores, which has been included in Other Income. The conditions outlined in the Share Purchase Agreement led to the Company losing joint control over the joint venture entity. Consequently, upon relinquishing joint control, the Company's remaining investments were fair valued in accordance with IND AS 109, and the resultant gain was recorded under Other Income. As of June 4, 2024, these investments have been classified under other investments as per IND AS 109.

38. Harrison's Tax Share

a) **Basic Earnings Per Share**
The calculation of basic earnings per share is based on the profit / (loss) attributable to ordinary shareholders and weighted average number of ordinary shares outstanding.

b) Diluted Earnings Per Share
The calculation of diluted earnings per share is based on the profit / (loss) attributable to ordinary shareholders and weighted average number of ordinary shares outstanding after adjustment for the effects of all dilutive potential ordinary shares.

39. EMPLOYEE BENEFITS

Contribution to Defined Contribution Plans recognised as an expense for the year are as under:

b) **Defined Benefit Plans:**
Contribution to Gratuity Fund (Non-Funded)
Gratuity is payable to all eligible employees on death or on separation/ termination in terms of the provisions of the Payment of Gratuity Act or as per the Company's policy whichever is beneficial to the employees.

The estimates of future salary increases, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

At March 31, 2025, the weighted-average duration of the defined benefit obligation is 5 years (March 31, 2024, 4 years).

(f) Change in present value of defined benefit obligation

(10) Amount recognized in the Standalone Balance Sheet

Present value of obligation as at end of the year	30.54	21.29
Fair value of plan assets as at end of the year	-	-
Net obligation as at end of the year	30.54	21.29

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)
For the year ended March 31, 2025

(Currency in INR Crore)

39 EMPLOYEE BENEFITS (continuing)

(iii) Net gratuity cost for the year

Particulars	March 31, 2025	March 31, 2024
Recognised in the Standalone Statement of Profit and Loss		
Current Service Cost	2.94	2.28
Interest Cost	1.58	1.38
Total	4.47	3.66
Recognised in Other Comprehensive Income (OCI)		
Remeasurement due to:		
Actuarial (gain)/losses on obligations - due to change in demographic assumptions	1.33	0.50
Actuarial (gain)/losses on obligations - due to change in financial assumptions	1.37	0.01
Actuarial (gain)/losses on obligations - due to change in experience	5.12	0.99
Total	7.82	1.50
Net Gratuity cost in Total Comprehensive Income (TCI)	12.29	5.16

The cumulative amount of actuarial (gains) / losses on obligations recognised in other comprehensive income as at March 31, 2025 is INR 14.19 Crore (Previous Year: INR 6.57 Crore).

(iv) The Principal assumptions used in determining the present value of defined benefit obligation for the Company's plan are given below:

Particulars	March 31, 2025	March 31, 2024
Discount Rate	5.54%	7.19%
Salary escalation rate	15%	14%
Attrition Rate	25%	28%
Mortality	Indian Assured Lives Mortality (2012-14) Urban	Indian Assured Lives Mortality (2012-14) Urban

(v) Sensitivity analysis

A quantitative sensitivity analysis on Defined Benefit Obligation for significant assumptions as at March 31, 2025 is shown below:

Particulars	March 31, 2025		March 31, 2024	
	Increase	Decrease	Increase	Decrease
Discount Rate (1% movement)	(1.13)	1.23	(0.83)	0.68
Salary escalation rate (1% movement)	1.13	(1.97)	0.64	(0.60)
Attrition Rate (1% movement)	(0.53)	0.57	(0.26)	0.29

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet. There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior year.

(vi) The expected future cash flows in respect of gratuity as at March 31, 2025 were as follows:

Maturity Analysis of Projected Benefit Obligation: From the Employer

Projected Benefits Payable in Future Years from the Reporting Date	March 31, 2025	March 31, 2024
1st Following Year	6.27	4.58
2nd Following Year	4.62	3.80
3rd Following Year	4.01	3.36
4th Following Year	3.97	3.04
5th Following Year	3.81	2.50
Sum of Years 6 to 10	11.74	7.18
Sum of Years 11 and above	7.48	-

Compensated absences

Compensated absences for employee benefits of INR 3.15 Crore (Previous Year: INR 1.86 Crore) expected to be paid in exchange for the services and other benefits under long-term retention scheme of INR 5.02 Crore (Previous year: INR 5.68 Crore) recognised as an expense during the year. The Company carries a balance of INR 3.28 Crore (Previous year: INR 1.84 Crore) towards compensated expenses.

40 FINANCIAL INSTRUMENTS -- FAIR VALUES AND RISK MANAGEMENT

a) Accounting classification and fair value

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)

For the year ended March 31, 2025

(Currency in INR Crore)

b) Measurement of Fair Value

(i) The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

(ii) The Company uses the Discounted Cash Flow valuation technique (in relation to financial assets measured at amortised cost and fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined for financial asset measured at fair value through profit and loss are classified as Level 2.

(iii) During the year, pursuant to occurrence of certain events (as per condition set out in the Share Purchase Agreement), the Company lost its joint control over an entity resulting same being classified as level 3 (having unobservable inputs, per method explained below). Earlier, this investment had certain drag along rights, whereby restricting the change in the % of shareholding. This resulted the instrument to be accounted as a fair value through profit and loss (FVTPL) which was equivalent to the cost of the said shares and was disclosed as level 2 (having indirect observable data inputs in terms of the investment value of unrelated third-party joint venturers).

The Company uses the Discounted Cash Flow valuation technique (in relation to financial assets measured at amortised cost and fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using weighted average cost of capital of 11%-14% per annum, capitalization rate of 7%-9% per annum and escalation rate of 4%-8% per annum. The fair value so determined for financial asset measured at fair value through profit and loss are classified as Level 3.

The estimated fair value would increase (decrease) if the estimated capitalization rate is lower (higher), weighted average cost of capital rate is lower (higher) and escalation rate is increase (decrease).

(iv) The Company uses the Discounted Cash Flow valuation technique (in relation to Preference Shares measured at fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined for Preference Shares measured at fair value through profit and loss are classified as Level 3.

(v) The Company uses the Discounted Cash Flow valuation technique (in relation to financial liabilities measured at amortised cost) which involves determination of the present value of expected payments, discounted using bank rate.

(vi) Movement of Items measured using unobservable inputs (Level 3)

Particulars	Equity shares	Debentures	Preference shares	Amount
Balance as at April 1, 2024	-	-	37.11	37.11
Transfer from level from level 2 to level 3*	-	331.80	-	331.80
Recognised in level 3 during the year	83.18	-	-	83.18
Transactions during the period: Gain recognised in the Profit or Loss	271.68	396.36	-	668.04
Balance as at March 31, 2025	354.86	728.36	37.11	1,120.33

*There was no movement of Level 3 instruments in the previous year.

c) Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit Risk
- (ii) Liquidity Risk
- (iii) Market Risk

Risk Management Framework

The Company's Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments in debt securities, loans given to related parties and project deposits.

The carrying amount of financial assets represents the maximum credit exposure.

Trade Receivables (including Unbilled receivables)

Customer credit risk is managed by requiring customers to pay advances through progress billings before transfer of ownership, therefore substantially eliminating the Company's credit risk in this respect.

The Company's credit risk with regard to trade receivable has a high degree of risk diversification, due to the large number of projects of varying sizes and types with numerous different customer categories in a large number of geographical markets.

As per simplified approach, the Company makes provision of expected credit losses on trade receivables to mitigate the risk of default payments and makes appropriate provision at each reporting date whenever outstanding is for longer period and involves higher risk.

The ageing of trade receivables are as follows:

Particulars	March 31, 2025	March 31, 2024
More than 12 months	97.87	89.02
Others	232.80	220.96

The movement in the provision for expected credit loss for credit impairment of Trade Receivables due to lifetime expected credit loss during the year are as follows:

Particulars	March 31, 2025	March 31, 2024
Opening balance	45.09	57.04
Add: Impairment loss recognised	5.64	0.70
Less: Impairment loss reversed	(4.93)	(12.64)
Closing balance	45.79	45.09

Investment in Securities, Loans to Related Parties, Project Deposits and Other Financial Assets

The Company has investments in equity instruments, compulsorily convertible debentures / optionally convertible debentures, preference shares, loans to related parties, project deposits and other financial assets. The settlement of such instruments is linked to the completion of the respective underlying projects. The movement in the provision for expected credit loss due to lifetime expected credit loss during the year are as follows:

The Company has recorded / (reversed) provision / expected credit loss on investment in debt and equity instruments of INR (1.22 Crore) (Previous Year: INR (32.39 Crore)) and other current financial assets of INR 21.57 Crore (Previous Year: INR (0.36 Crore)).

As at March 31, 2025, the Company has secured project deposits of INR 5.63 Crore (Previous Year: INR 6.11 Crore) and unsecured loans given to related parties of INR 14.47 Crore (Previous Year: INR 14.47 Crore), which have been considered as doubtful by the company. The company has fully provided such doubtful project deposits and unsecured loans as at March 31, 2025. The company has provided such doubtful project deposits and unsecured loans in the previous year. All the loans other than mentioned above are considered to have low credit risk as the borrower have strong capacity to meet its cash flow obligations in the near term. The company does not have any loans for which credit risk has increased significantly in the current and previous year.

The Company's policy is to provide financial guarantees only for subsidiaries' liabilities. As at 31 March 2025 and 2024, the Company has issued guarantees to certain banks / lenders in respect of credit facilities granted to certain subsidiaries. (Refer note 50 (x)).

The movement in the provision for investment in Securities, Loans to Related Parties, Project Deposits and Other Financial Assets are as follows:

Particulars	March 31, 2025	March 31, 2024
Opening balance	122.18	155.13
Add: Impairment loss recognised	26.67	10.50
Less: Impairment loss reversed	(8.51)	(43.45)
Closing balance	140.34	122.18

Cash and Bank balances

Credit risk from cash and bank balances is managed by the Company's treasury department in accordance with the Company's policy.

(E) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from capital and debt markets through loan from banks, commercial papers and other debt & equity instruments. The Company invests its surplus funds in bank fixed deposits and debt based mutual funds.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date:

March 31, 2025	Carrying Amount	Contractual cash flows				
		Total	Within 12 months	1-5 years	2-5 years	More than 5 years
Financial Liabilities						
Non-Current						
Borrowings	4,000.00	4,000.70	113.01	3,123.67	3,627.60	-
Other Non-Current Financial Liabilities	7.85	7.85	-	7.85	-	-
Current						
Borrowings	7,968.09	8,113.61	8,113.61	-	-	-
Trade Payables	1,407.27	1,407.27	1,357.07	34.82	25.42	-
Other Current Financial Liabilities	814.36	814.36	814.36	-	-	-

March 31, 2024	Carrying Amount	Contractual cash flows				
		Total	Within 12 months	1-2 years	2-5 years	More than 5 years
Financial Liabilities						
Non-Current						
Borrowings	2,660.00	3,511.88	143.34	219.60	3,148.94	-
Other Non-Current Financial Liabilities	10.66	10.66	-	5.34	5.34	-
Current						
Borrowings	7,426.52	7,432.98	7,432.98	-	-	-
Trade Payables	1,581.16	1,616.77	1,577.57	28.74	10.37	0.08
Other Current Financial Liabilities	587.08	587.08	587.08	-	-	-

The Company has sufficient current assets comprising of Trade Receivables, Cash & Cash Equivalents, Investment in Mutual Funds, Other Bank Balances (other than restricted balances), Loans, inventories and Other Current Financial Assets to manage the liquidity risk, if any in relation to current financial liabilities.

(H) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rate and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

a) Currency Risk

Currency risk is not material, as the Company's primary business activities are within India and does not have significant exposure in foreign currency.

b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the management in structuring the Company's borrowings to achieve a reasonable, competitive cost of funding.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management is as follows:

Particulars	March 31, 2025	March 31, 2024
Financial Liabilities		
Variable rate instruments	1,721.55	2,154.54
Fixed rate instruments	10,003.90	7,749.40
	11,725.45	9,914.04
Financial assets		
Variable rate instruments	-	-
Fixed rate instruments	10,344.15	11,370.37
	10,344.15	11,370.37

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Company by the amounts indicated in the table below. Given that the Company capitalises interest to the cost of inventory to the extent permissible, the amounts indicated below may have an impact on reported profits over the life cycle of projects to which such interest is capitalised. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

40 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT (Continuing)

Particulars	Profit or Loss INR	
	100 BP increase	100 BP decrease
March 31, 2025		
Financial Liabilities		
Variable rate instruments		
Borrowings	(17.22)	17.22
Cash flow sensitivity (net)	(17.22)	17.22
March 31, 2024		
Financial Liabilities		
Variable rate instruments		
Borrowings	(21.63)	21.63
Cash flow sensitivity (net)	(21.63)	21.63

The Company does not have any additional impact on equity other than the impact on retained earnings.

41 CAPITAL MANAGEMENT

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

The Board of Directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages by a sound capital position.

The Company monitors capital using a ratio of 'Net Debt to Equity'. For this purpose, net debt is defined as total borrowings (including interest accrued) less cash and cash equivalents, other bank balances, deposits and other current investments.

The Company's net debt to equity ratio is as follows:

Particulars	March 31, 2025	March 31, 2024
Net debt	4,257.40	4,563.64
Total equity	17,444.14	19,512.28
Net debt to Equity ratio	0.25	0.23

42 EMPLOYEE STOCK GRANT SCHEME

The Company instituted an Employee Stock Grant Scheme (ESGS) approved by the Board of Directors, the Shareholders and the Remuneration Committee.

a) Details of Stock Grants are as under:

Particulars	No. of Options		Weighted average Exercise Price (INR)	Weighted average Share Price (INR)
	March 31, 2025	March 31, 2024		
Options Outstanding at the beginning of the year	49,447	49,425		
Add: Options granted	22,069	36,853		
Less: Options exercised	22,017	20,030	5.00	2,568.54
Less: Option lapsed	1,104	16,661		
Options Outstanding at the end of the year	48,395	49,647		

b) The weighted average exercise price of the options outstanding as at March 31, 2025 is INR 5 per share (Previous Year: INR 5 per share) and the weighted average remaining contractual life of the options outstanding as at March 31, 2025 is 0.79 years (Previous Year: 0.95 years).

c) The fair value of the employee share options has been measured using the Black-Scholes Option Pricing Model. The weighted average fair value of the options granted is INR 1,265.22 (Previous Year: INR 1,251.63).

Particulars	March 31, 2025	March 31, 2024	Description of the inputs used
Dividend yield %			Dividend yield of the options is based on recent dividend activity.
Expected volatility %	30%-42%	32%-63%	Expected volatility of the option is based on historical volatility, during a period equivalent to the option life, of the observed market prices of the Company's publicly traded equity shares.
Risk free interest rate %	5.57%-7.06%	3.95%-7.02%	Risk-free interest rates are based on the government securities yield in effect at the time of the grant.
Expected life of share options	1 to 3 years	1 to 3 years	
Weighted Average Market price on date of granting the options	INR 1,068.90	INR 1,354.51	

d) The expense arising from ESGS scheme during the year is INR 4.82 Crore (Previous Year: INR 3.92 Crore).

Godrej Properties Limited

Notes Forming Part of Standalone Financial Statements (Continued)
For the year ended March 31, 2025

(Currency in INR Crores)

43 LEASES

a) The company has recognised INR 73 Crores (Previous Year : INR 6.58 Crores) towards minimum lease payments for short-term leases and INR 0.37 crore (Previous Year : 0.25 Crores) for low-value assets accounted as per paragraph 6 of IND AS 116 and INR 1.81 Crores (Previous Year: INR 3.72 Crores) as minimum lease receipt in the Statement of Profit and Loss.

b) As a lessor

The Company's significant leasing arrangements are in respect of operating leases for Commercial premises. All leases are classified as operating leases because they do not transfer substantially all the risk and reward incidental to the ownership of the asset. Lease income from operating leases is recognised on a straight-line basis over the period of lease. The future minimum lease receivables of non-cancellable operating leases are as under:

Particulars	March 31, 2025	March 31, 2024
Future minimum lease receipts under operating leases (Undiscounted)		
Not later than 1 year	3.03	1.90
Later than 1 year and not later than 5 years	6.82	3.85
Later than 5 years	-	-

c) As a Lessee

The Company leases commercial/retail properties. The lease typically run for a period of 1 to 10 years and are non-cancellable / cancellable and are renewable on a periodic basis by mutual consent on mutually accepted terms.

Information about leases for which the Company is a lessee is presented below:

Particulars	March 31, 2025
Right-of-Use Assets	
Cost	
Balance as at April 01, 2023	29.40
Add: Additions	10.07
Less: Disposals	-

(Currency in INR Crores)

45 REVENUE FROM CONTRACTS WITH CUSTOMERS

(a) The amount of INR 996.67 Crores (Previous Year: INR 201.48 Crores) recognised in contract liabilities (advances received against sale of flats/ units) at the beginning of the year has been recognised as revenue during the year ended March 31, 2025.

(b) Contract assets (unbilled revenue) primarily relate to the Company's right to consideration for work completed but not billed at the reporting date as the billing is conditional upon completion of another milestone. Contract liabilities (advances received against sale of flats/ units) primarily relate to the advance consideration received from customers for construction of flats / units for which revenue is recognised over time.

(b) Significant changes in contract asset and contract liabilities balances are as follows:

Particulars	March 31, 2025	March 31, 2024
Contract asset (unbilled revenue)		
At the beginning of the reporting period	155.00	54.14
Change due to revenue recorded based on measure of progress during the year	(23.82)	100.87
At the end of the reporting period	131.18	155.00
Contract liability (advances received against sale of flats/ units)		
At the beginning of the reporting period	4,743.48	1,342.65
Change due to collection and revenue recorded based on measure of progress during the year	6,210.77	3,283.96
Significant financing component (Net of transfer to Statement of Profit and Loss)	515.97	116.86
At the end of the reporting period	11,470.22	4,743.48

(c) Performance obligation

The Company is engaged primarily in the business of real estate construction, development and other related activities.

Sale of Real Estate Developments/Land

All the Contracts entered with the customers consists of a single performance obligation thereby the consideration allocated to the performance obligation is based on standalone selling prices.

Revenue is recognised upon transfer of control of residential and commercial units to customers for an amount that reflects the consideration which the Company expects to receive in exchange for those units. The trigger for revenue recognition is normally completion of the project or receipt of approvals on completion from relevant authorities or intimation to the customer of completion, post which the contract becomes non-cancelable by the parties.

The revenue is measured at the transaction price agreed under the contract. In certain cases, the Company has contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company adjusts the transaction price for the effects of a significant financing component.

Any costs incurred that do not contribute to satisfying performance obligations are excluded from the Company's input methods of revenue recognition as the amounts are not reflective of our transferring control of residential and commercial units to the customer. Significant judgment is required to evaluate assumptions related to the amount of net contract revenues, including the impact of any performance incentives, liquidated damages, and other forms of variable consideration.

If estimated incremental costs on any contract, are greater than the net contract revenues, the Company recognises the entire estimated loss in the period the loss becomes known.

Variations in contract work, claims, incentive payments are included in contract revenue to the extent that may have been agreed with the customer and are capable of being reliably measured.

The Company recognises revenue from Operations and Maintenance services using the time-elapsed measure of progress i.e. input method on a straight line basis.

The aggregate amount of the transaction price allocated to the performance obligations that are unsatisfied (or partially unsatisfied) as at March 31, 2025 is INR 29,462.09 Crores (Previous Year: INR 16,521.82 Crores), of which INR 2,974.57 Crores (Previous Year: INR 2,702.57 Crores), which will be recognised as revenue over a period of 1-2 years and INR 26,220.56 Crores (Previous Year: INR 13,819.25 Crores) which will be recognised over a period of 3-5 years.

Sale of services

Revenue is measured at the fair value of the consideration received or receivable, considering contractually defined terms of payment specified in a contract with the customer. The Company recognises revenue at a point of time when it transfers control over a service to the customer to the extent that is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is due.

Invoices for sales of services (development management services) are issued on a monthly/quarterly basis based on the progress in construction / collection / billings in the underlying entity's project and are usually payable within 30 days.

(d) Reconciliation of revenue recognised in the Standalone Statement of Profit and Loss

The following table discloses the reconciliation of amount of revenue recognised as at March 31, 2025:

Particulars	March 31, 2025	March 31, 2024
Contract price of the revenue recognised	1,491.83	1,227.82
Add: Significant financing component	36.66	11.76
Less: Customer incentives/benefits	(22.07)	(1.78)
Revenue from Sale of Real Estate Developments/Land and Sale of Services recognised in the Standalone Statement of Profit and Loss	1,495.42	1,237.80

(e) Disaggregation of Revenue from operations based on timing of recognition

The following table discloses the amount of revenue recognised based on timing of recognition:

Particulars	March 31, 2025	March 31, 2024
Revenue recognised over the period of time	1,660.32	1,631.79
Revenue recognised at a point in time	247.90	206.01
	1,908.22	1,837.80

49 RATIO ANALYSIS

Sr. No.	Ratio	March 31, 2025	March 31, 2024	Change %	Reason for more than 25% change
1	Current Ratio	1.73	1.61	7.57%	
2	Debt-Equity Ratio (Gross)	0.89	0.96	-26.56%	Decreased mainly on account of increase in equity due to equity raised during the year through QIP and profits during the year, which is partially offset by increase in debt during the year.
3	Debt-Equity Ratio (Net)	0.58	0.62	-60.21%	Decreased mainly on account of increase in equity due to equity raised during the year through QIP and profits during the year, which is partially offset by increase in debt during the year.
4	Debt Service Coverage Ratio	1.28	1.59	-22.52%	
5	Return on Equity Ratio	7.23%	5.52%	31.08%	Increased due to increase in profits compared to previous year.
6	Inventory Turnover Ratio	0.11	0.08	41.86%	Increase mainly on account of higher COGS recognised corresponding to revenue recognised during the year.
7	Trade Receivables Turnover Ratio	3.51	5.14	-38.30%	Increased mainly on account of increase in revenue recognised due to completion of performance obligation during the current year.
8	Trade Payables Turnover Ratio	0.89	0.42	102.72%	Increase mainly on account of higher COGS recognised corresponding to revenue recognised during the year.
9	Net Capital Turnover Ratio	0.13	0.18	-12.58%	
10	Net Profit Ratio	24.32%	22.36%	8.83%	
11	Return on Capital Employed	7.48%	6.27%	19.19%	
12	Return on Investment	7.06%	7.62%	4.40%	

49 RATIO ANALYSIS (Continued)

(a) Formulae for computation of ratios are as follows: (Continued)

Sr. No.	Particulars	Formula
1	Current Ratio	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$
2	Debt-Equity Ratio (Gross)	$\frac{\text{Total Debt (Current Borrowings + Non-Current Borrowings)}}{\text{Shareholder's Equity (Total Equity)}}$
3	Debt-Equity Ratio (Net)	$\frac{\text{Total Debt (Current Borrowings + Non-Current Borrowings) - Cash and Cash Equivalents - Bank Balances other than above - Deposit With Banks (Other Non-Current Non Financial Assets) - Investments (Current)}}{\text{Shareholder's Equity (Total Equity)}}$
4	Debt Service Coverage Ratio	$\frac{\text{Earnings available for debt service (Profit/(Loss) before tax + Finance cost + Finance cost included in Cost of Sales + Depreciation and amortisation expense)}}{\text{Finance Cost (excludes interest accounted on customer advance as per EIR Principal) + Principal Payment due to Non-Current Borrowing repayable within one year}}$
5	Return on Equity Ratio	$\frac{\text{Profit/(Loss) for the year}}{\text{Average Shareholder's Equity (Total Equity)}}$
6	Inventory Turnover Ratio	$\frac{\text{COGS (Cost of Material Consumed + Changes in inventories of finished goods and construction work-in-progress)}}{\text{Average Inventories}}$
7	Trade Receivables Turnover Ratio	$\frac{\text{Revenue from Operations}}{\text{Average Trade Receivables}}$
8	Trade Payables Turnover Ratio	$\frac{\text{COGS (Cost of Material Consumed + Changes in inventories of finished goods and construction work-in-progress)}}{\text{Average Trade Payables}}$
9	Net Capital Turnover Ratio	$\frac{\text{Revenue from Operations}}{\text{Average Working Capital (Current Assets - Current Liabilities)}}$
10	Net profit ratio	$\frac{\text{Profit/(Loss) for the year}}{\text{Total Income}}$
11	Return on Capital Employed	$\frac{\text{Earnings before Interest and Tax (Profit / (Loss) before tax + Finance cost + Finance cost included in Cost of Sales)}}{\text{Average Capital Employed (Tangible Net Worth + Total Debt + Deferred Tax Liability (net of Deferred Tax Assets)}}$
12	Return on Investment	$\frac{\text{Income generated from treasury invested funds}}{\text{Average invested funds in treasury investments (excluding Fixed Deposits in escrow)}}$

50 CONTINGENT LIABILITIES AND COMMITMENTS

(a) Contingent Liabilities

Particulars	March 31, 2025	March 31, 2024
i) Claims against Company not Acknowledged as debts:		
i) Claims not acknowledged as debts represent cases filed by parties in the Consumer forum, Civil Court and High Court and disputed by the Company as advised by advocates. In the opinion of the management the claims are not sustainable.	229.96	229.43
ii) Claims under Income Tax Act, Appeal preferred to The Deputy Commissioner/ Commissioner of Income Tax (Appeals) and Income Tax Appellate Tribunal.	11.65	11.93
iii) Claims under VAT, Appeal preferred to The Deputy Commissioner/ Joint Commissioner of Sales Taxes (Appeals)	14.72	14.72
iv) Appeal preferred to Customs, Excise and Service Tax Appellate Tribunal.	21.65	21.65
v) Appeal under GST, to be preferred before Commissioner Appeals.	26.57	11.59
ii) Guarantees:		
i) Guarantees given by Bank, counter guaranteed by the Company.	227.94	275.35

(b) The Hon'ble Supreme Court of India ("SC") by its judgement dated February 28, 2019, in the case of RPF, West Bengal v/s Vivekananda Vidya Mandir and others, clarified the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. Subsequently, a review petition against this decision was filed and the SC reiterated its decision given in the above referred judgment.

In view of the management, the liability for the period from date of the SC judgement to March 31, 2019 is not significant and has been provided in the standalone financial statements. Further, the impact for the past period, if any, is not ascertainable and consequently no effect has been given in the accounts.

(c) On 24 July 2024, the Estate Officer, Union Territory of Chandigarh, issued an order revoking the building plan (issued on 31 August 2009) and occupancy certificate (issued on 9 June 2015) for commercial building project Godrej Eternia at Chandigarh. The principal reason for revocation is attributable to the fact that the Holding Company (as developer) failed to obtain clearance from the Standing Committee of National Board for Wildlife (SCNBW). The Company strongly believe that the order was passed based on a wrong premise and a misunderstanding of the facts. The Company has filed a Writ Petition with the High Court of Punjab & Haryana requesting for an interim stay and quashing of the order dated 24.07.2024.

The Company has assessed that it is only possible, but not probable, that outflow of economic resources will be required.

(d) Commitments

Particulars	March 31, 2025	March 31, 2024
Capital Commitment (Includes Capital work in progress and Investment Property under construction) (Net of advance)	125.98	54.11
(i) The Company enters into construction contracts for Civil, Elevator, External Development, MEP work etc. with its vendors. The total amount payable under such contracts will be based on actual measurements and negotiated rates, which are determinable as and when the work under the said contracts are completed.		
(ii) The Company has entered into development agreements with owners of land for development of projects. Under the agreements the Company is required to pay certain payments/ deposits to the owners of the land and share in built up area/ revenue from such developments in exchange of undivided share in land as stipulated under the agreements.		
(iii) The Company will arrange funds / subscribe to further capital to support continuing operations in certain subsidiaries and joint ventures (jointly with the shareholders / Partners of the respective joint ventures), if required, based upon operation of such entities. The Company expects the said subsidiaries and joint ventures to meet its obligations and no liability on this account is anticipated.		

51 Payment to Auditors (net of taxes)

Particulars	March 31, 2025	March 31, 2024
Audit Fees (including Statutory Audit & Limited Reviews)	1.07	1.04
Fees for QIP related work	0.88	-
Certification (including RERA Audit)	0.22	0.17
Reimbursement of Expenses	0.72	0.76
Total	2.89	1.97

52 FOREIGN EXCHANGE DIFFERENCE

The amount of exchange difference included in the Standalone Statement of Profit and Loss, is INR 0.09 Crore (Net Gain) (Previous Year: INR 0.05 Crore (Net Loss))

- 53 (a) During the year, Company has accounted for net reversal of impairment of investments of INR 1.22 Crore (Previous Year: 35.13 Crore) and INR 2.24 Crore (Previous Year: 20 Crore) related to excess provision written back upon completion of project.
- (b) Other Expenses includes provision for expected credit loss (net) on investments and other assets of INR 21.57 Crore (Previous Year: 11.23 Crore) and financial assets written off INR 5.02 Crore (Previous Year: INR 24.49 Crore).

54 CORPORATE SOCIAL RESPONSIBILITY

The Company has spent INR 14.32 Crore (Previous Year: INR 10.84 Crore) during the year as per the provisions of Section 135 of the Companies Act, 2013 towards Corporate Social Responsibility (CSR) activities companyed under 'Other Expenses'.

- (a) Gross amount required to be spent by the Company during the year INR 14.32 Crore. (Previous Year: INR 10.84 Crore)
- (b) Amount approved by the Board to be spent during the year INR 14.32 Crore. (Previous Year: INR 10.84 Crore)
- (c) Amount spent during the year on

56 UTILISATION OF BORROWED FUNDS

Investments made in the equity share capital of / loan given to Godrej Projects Development Limited ("GPDL") (Wholly Owned Subsidiary) during the year:

Month	Dates	Amount
April 2024	2,10,18,23,29,30	5.75
May 2024	6,7,10,14,22,28	5.62
June 2024	4,6,28	1.65
July 2024	5	0.37
Total		12.39

Investments made by GPDL, as intermediary, during the year:

Investee Company	Relationship with the Company	Nature of Investment	Month	Dates	Amount
Wonder Projects Development Private Limited (CIN: U70102MH1201SP1C285999)	Joint Venture	Loan Given	April	2,10,18,23,29,30	5.75
			May	6,7,10,14,22,28	5.62
			June	4,6,28	1.65
			July	5	0.37
		Total (A) + (B)			12.39

a) The above investment/loan is in compliance with the relevant provisions of the Companies Act, 2013 and the transactions are not violative of the Prevention of Money Laundering Act, 2002 (15 of 2003)

b) The balance money in INR 6.00 Crore will be utilized for general corporate purposes.

c) The Company has not received any funds from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.

57 SEGMENT REPORTING

A. Basis of Segmentation

Factors used to identify the entity's reportable segments, including the basis of organisation

For management purposes, the Company has only one reportable segment namely, Development of real estate property (developing and selling residential and commercial properties). The Managing Director of the Company acts as the Chief Operating Decision Maker ("CODM"). The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators viz. Profit after tax. (Refer Note 30).

B. Geographical Information

The geographic information analyzes the Company's revenue and Non-Current Assets other than financial instruments, deferred tax assets, post-employment benefit assets by the Company's country of domicile and other countries. As the Company is engaged in Development of Real Estate property in India, it has only one reportable geographical segment.

C. Information about major customers

There is no single customer from whom revenue for the year ended March 31, 2025 and March 31, 2024 constituted more than 10% of the total revenue of the Company.

58 The Write-down/(Reversal) of inventories to net realisable value during the year amounted to 9.55 Crore (Previous Year- Reversal of INR (19.00) Crore) (Refer Note 50 (c)).

This reversal during the previous year occurred because the units in the underlying project were largely sold at prices higher than their recorded / budgeted cost.

59 ADDITIONAL DISCLOSURE TO MICRO, SMALL AND MEDIUM ENTERPRISES:

Particulars

(a) The principal amount remaining unpaid to any supplier as at the end of the accounting year;
(b) The interest due thereon remaining unpaid to any supplier as at the end of the accounting year;
(c) The amount of interest paid by the buyer under MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year;
(d) the amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006;
(e) The amount of interest accrued and remaining unpaid at the end of accounting year;
(f) The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid to the small enterprises, for the purpose of disallowance as a deductible expenditure under section 22.
