5. Prospects and Outlook

Indian residential real estate sector has been witnessing a strong turn-around of the sectoral landscape post pandemic. Increased savings during lockdowns, minimal income disruptions in mid and high-income brackets, household wealth creation and robust economic growth have fuelled demand in the residential real estate market in India.

FY2025 was a year driven by a clear shift toward premiumisation is visible with buyer preferences' evolving, driven by aspirations for an enhanced lifestyle. While number of units and area sold in the sector indicate a minor uptick trend, the sales value indicates a continued strong uptick. The changing preferences of the homebuyer looking for products that enable an upgraded lifestyle with more space is visibly reflected in increasing contribution of inventory and sale in the ticket sizes above ₹ 1 crore.

Home buying is long-term asset where a strong affordability and financial strength (which is still better than pre- Covid levels) shall supersede the natural rate-cycle, especially if demand is driven by self-consumptions. The government remains steadfast in its commitment to the agenda of 'housing for all' and is taking steps to spur private sector participation and enable easier access to financing for homebuyers in this segment. The stable economic and

interest rate scenario along with the still strong momentum hold enough tailwinds for the sector.

Consolidation in the residential real estate sector had become dormant in the last year but may again pickup pace as consumers want better predictability in their investment. Given the pace of urbanisation, rising per capita disposable incomes, and income distribution shifting from pyramid to diamond shape, Godrej Properties remains optimistic about the long-term prospects in real estate. Your Company is poised to continue to grow from the sectoral tail winds, a strong brand, pan-India presence, demonstrated track record and robust marketing capabilities.

In post pandemic era, the customer focus on product proposition and quality is strongest ever. Increasingly, there has been disproportionate focus by the large organised developers on better design as per customer preference, best in class experience and superior quality.

Godrej Properties aims to drive profitability, enhance customer experience, and embrace digital technologies. Moreover operational momentum for your company is likely to be sustained by its healthy Balance Sheet and robust project pipeline.

Optimum measures have been initiated to reduce energy consumption, as a part of our sustainable development initiatives. With an intent to provide an Energy Efficient final product to customers, the Company develops all its projects as green building projects.
